*A Young College; A New Image*

## *Campus*

Look around. What meets your gaze on our campus? One probably notices the construction workers busily working on the new campus entrance, or one might see the campus and grounds crew working endlessly keeping the campus clean, attractive, and safe.

Everyone concerned is always proud to witness the attempts made to modernize JSCC. Each effort adds one more link in the projection of a new campus image. Look around, everyone. Jackson State is growing. The end is not in sight!

## *Faculty*

Striving to make Jackson State a respected junior college, the administration and faculty exert a great team effort. In the midst of what seems to be virtual chaos, they manage to maintain a state of tranquility.

Jackson State is very fortunate in having several young teachers on its staff. They introduce and apply new ideas and techniques. Nevertheless, any college is always proud of its experienced teachers; and Jackson State is no exception! The dedication of these teachers exemplifies their sincere concern.

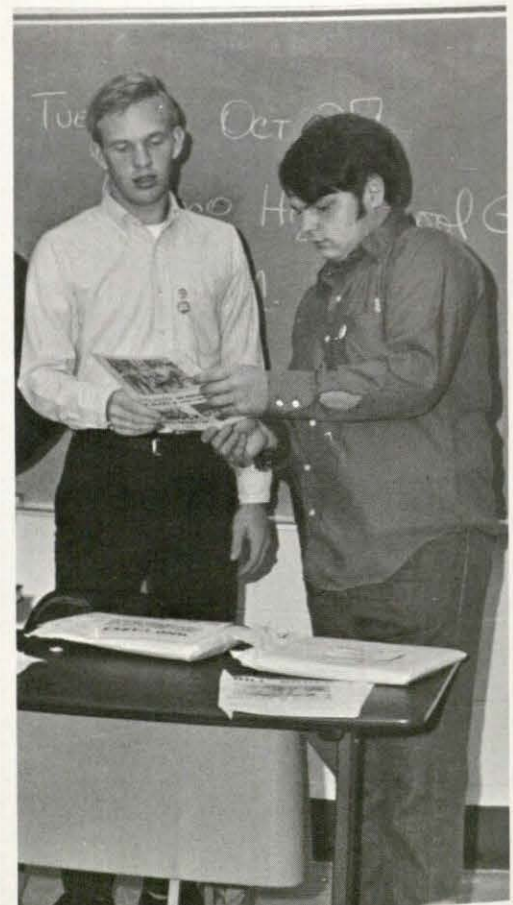

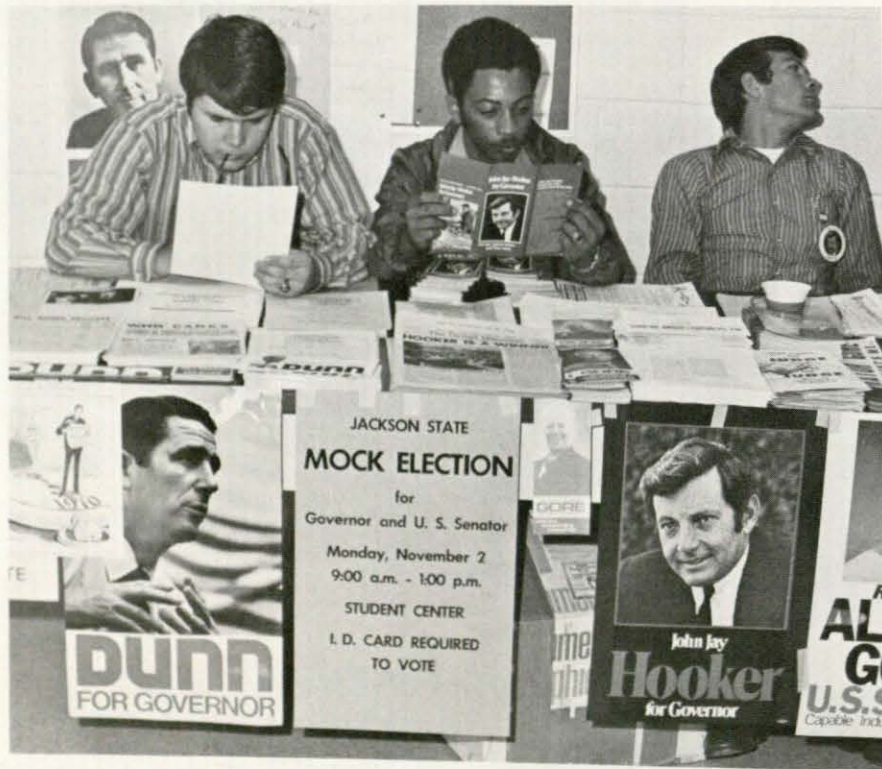

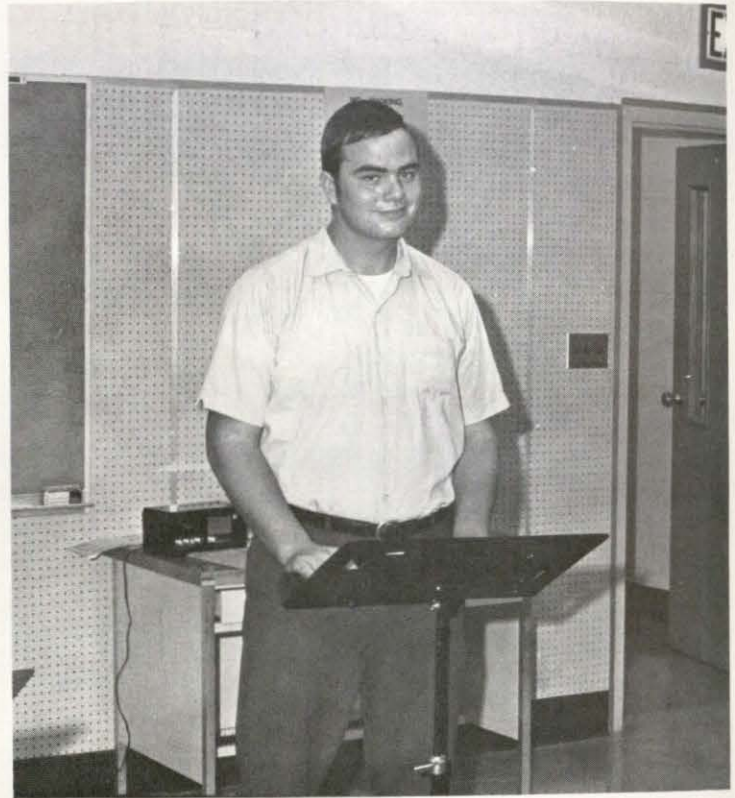

## Organizations

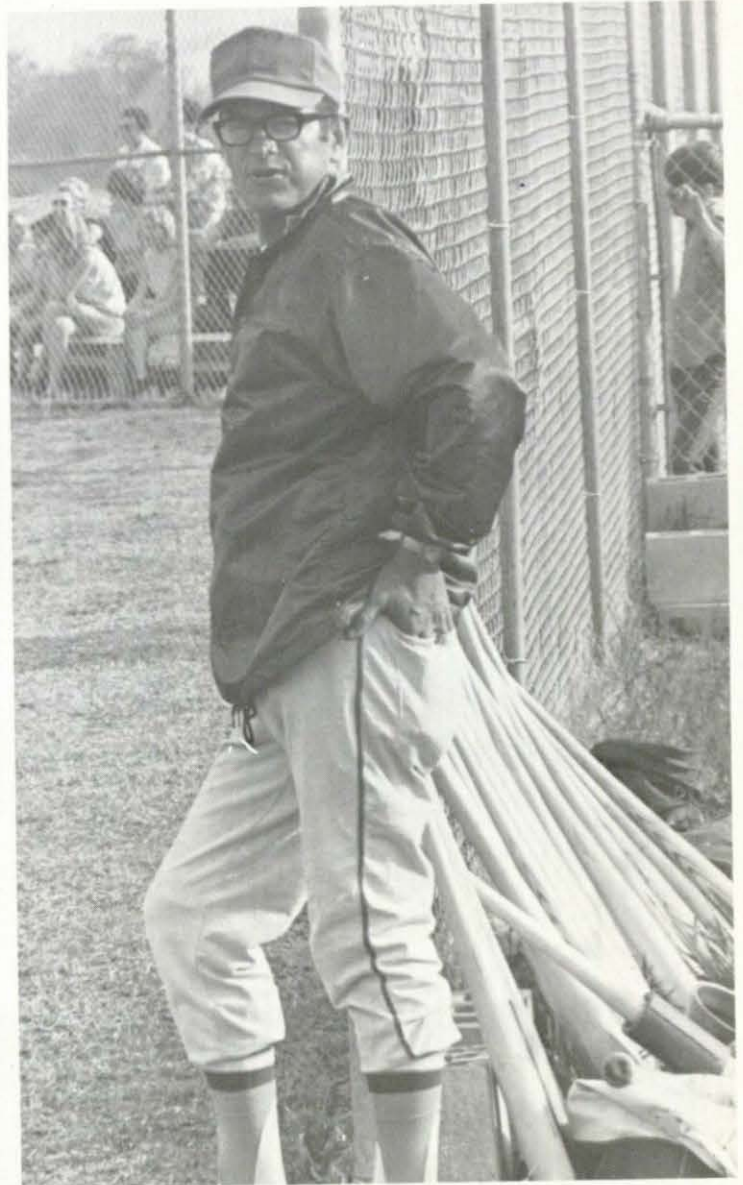

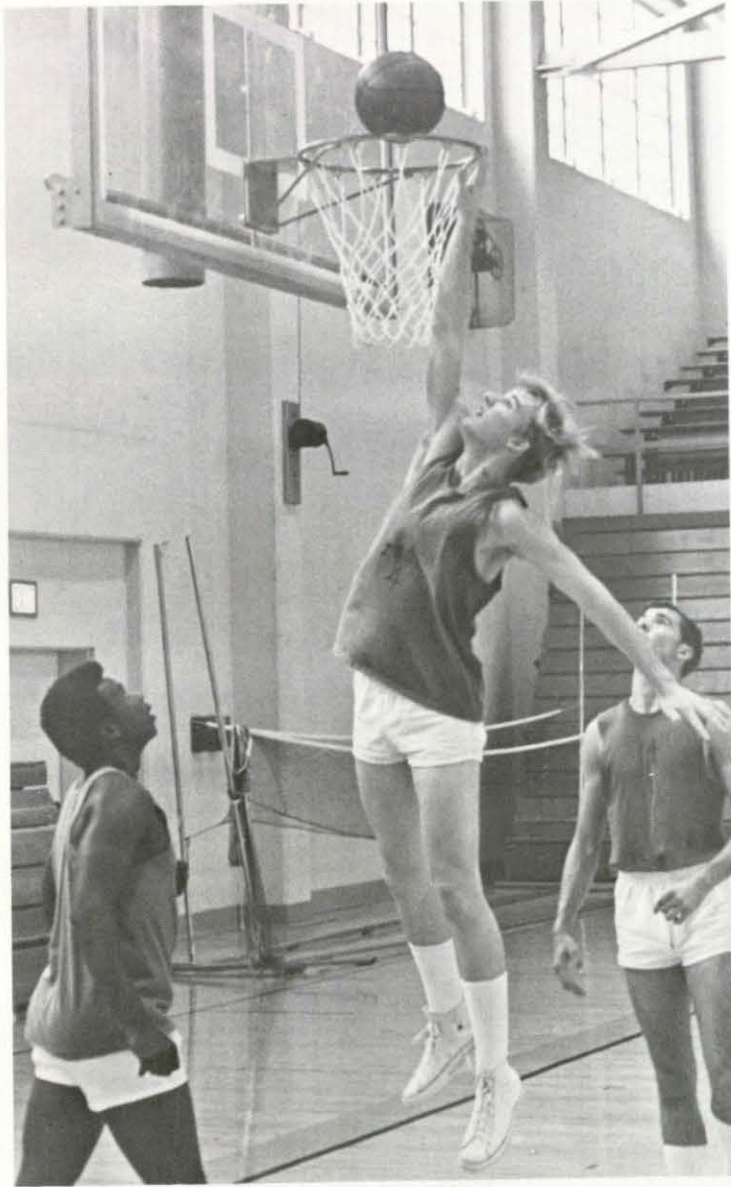

Merely attending a college doesn't guarantee attainment of knowledge. A college can only provide the opportunity for acquiring knowledge. It is the responsibility of the student to grasp the opportunity.

Participation in campus organizations provides the student with a broad range of interest and a great degree of practical experience.

This year several new organizations joined the club circle. These new organizations along with the older ones provide a great opportunity. Involvement, however, is not something which will come to a student; it is something the student must grasp for himself.

## *Athletics*

"The New Image" is also exemplified in Jackson State's Athletic Department. The excitement of competition, the joy of victory, and the pain of defeat are all a part of the game.

The athlete, whether he is a member of one of the varsity teams or just a participant in the intramural program, has an opportunity for education, recognition, respect, and a sense of pride in his accomplishments.

## *Student Life*

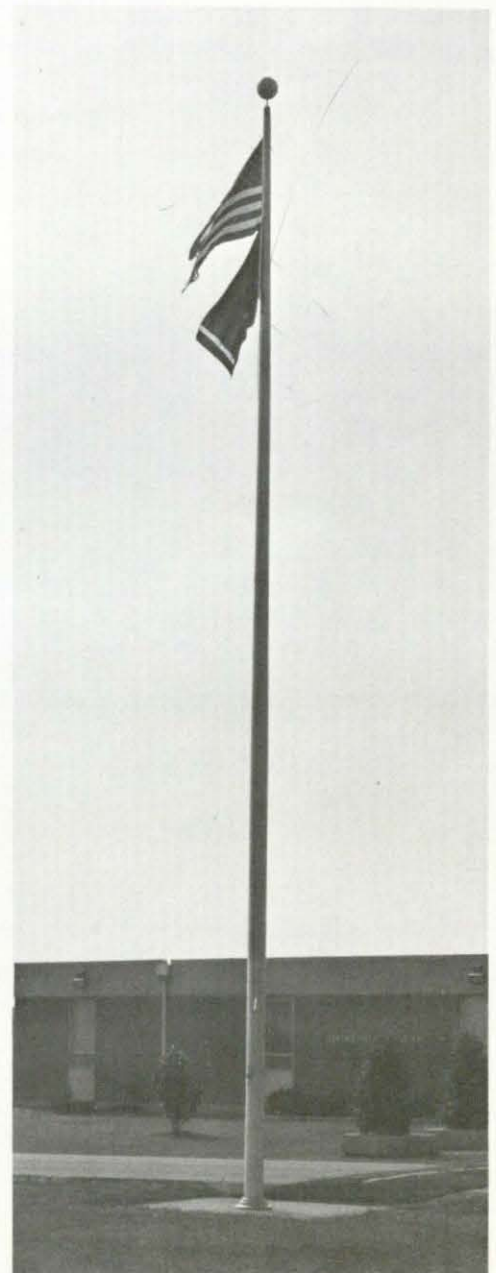

"The New Image" that is projected on Jackson State's campus is merely a reflection of the many personal images of its students.

Everyone at Jackson State has the important responsibility of making this image one of respectability.

As you gaze about our campus, consider yourself a very vital part of the entire scene!

## People and Places

"I think I'm gonna ah . . . ah . . . sneeze."

W-H-O?

"Technical Difficulties"

All things must come to an end.

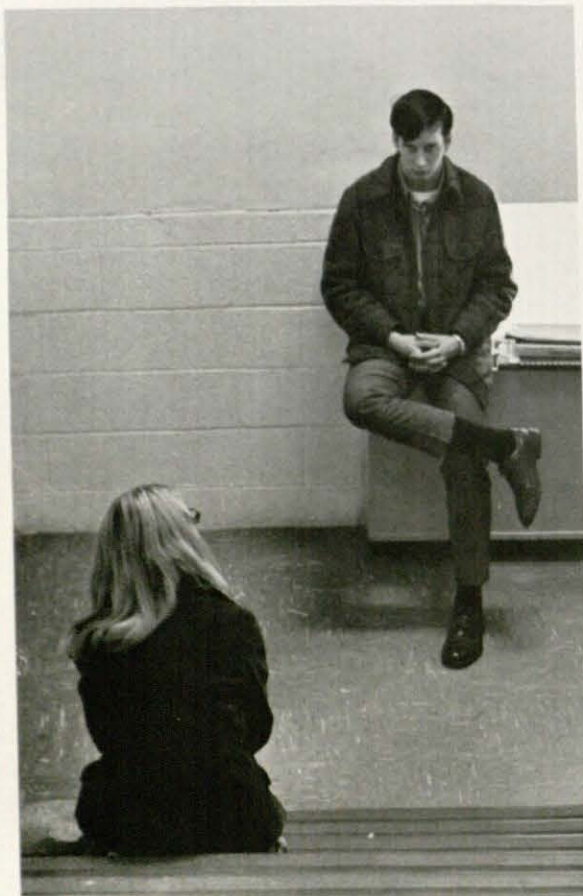

Bobby Boy in his big, bad chevy.

"I collect valentines and MEN!"

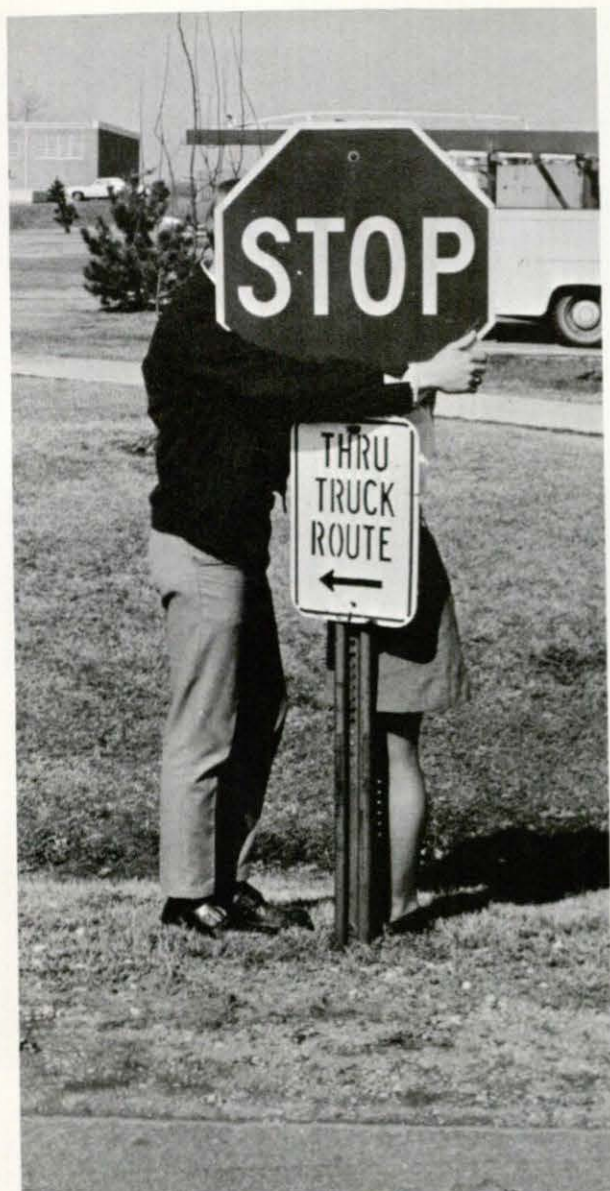

"Girls are never satisfied until they break your heart."

"I'm only here for the winter quarter"

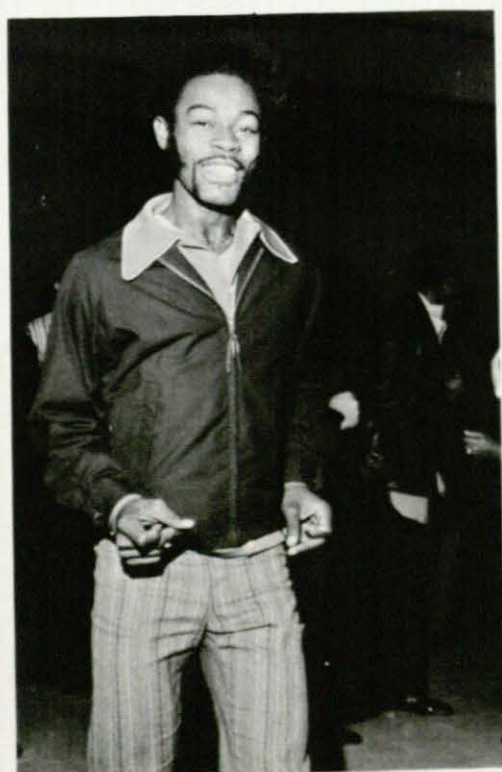

Guy, can't you read the sign?

The way to a man's heart is through his stomach.

"I think I'll cut out."

CENSORED

What did one leg say to the other?

You figure this one out.

Curly, Larry, and Mo.

"What do you think, Walter?"

"It may look awkward, but it saves steps."

"My little brown jug is t-h-i-s big!"

Dr. Palmer tells it like it is.

"I can't wait to get to my 8:00 Lit class."

## *A Note from the Editor*

As the final layouts are being drawn and the last piece of copy is being written for the 1971 Gateways, I look back to a time when the book you now hold in your hands was three facts on a sheet of scratch paper. They went something like this:

Theme: A Young College; A New Image

Deadlines: November 1, December 11, January 22, February 19

Pages: 144

Now just five months later it would take three volumes to hold the ideas, meditations and happenings that are reflected in this book. One of the most difficult tasks is to choose a goal and carry it out to the fullest extent. Our goal was to present the school year 1970-71 at Jackson State Community College in yearbook form. I think we've done it—how, I do not know—but I think we have.

My wish is that, by reading the 1971 Gateways, you can clearly visualize Jackson State Community College, its surface, its cog wheels, its purpose.

The preceding pages have depicted by word and picture The New Image of Jackson State Community College. People of the past have made our college what it is today. What will Jackson State be tomorrow? You, the students of today, will have to decide. It's your college!

In conclusion, let us acknowledge the people who have contributed their time and endless effort in the publication of the '71 Gateways. The cooperation of the administration and faculty has been greatly appreciated. A note of special thanks must be given to the members of the staff, who have worked very diligently. Last, but certainly not least, let us acknowledge the man whose assistance and guidance has proven invaluable to us, Mr. Marion Smothers, advisor to the '71 Gateways.
