

HEERF 2021-2022 Emergency Grant Funding Request

J Number: * Last Name: * First Name: *

Address: *

City: * State: * Zip: *

Phone Number: *

Email Address: *

The U.S. Department of Education (USDOE) released guidance related to HEERF emergency grant funding to higher education institutions to assist students with any component of the student's cost of attendance or for emergency costs that arise due to coronavirus, such as tuition, food, housing, health care (including mental health care), or child care.

Students may complete and submit this form to request consideration for special emergency grant funding to assist with unmet expenses that exceed the previous disbursed emergency grant funding amount received.

By signing and submitting this form, I request an emergency grant of ex: \$ 999999

I understand funding is contingent upon availability and will be determined by the institution. I further understand I am confirming I have a qualifying unmet expense according to the above guidelines and will utilize any disbursed funding to cover my qualifying need. If approved for funding, disbursed emergency grant funds will be released to you by either refund check or direct deposit, depending on the method you have setup with the college.

A student may authorize funds be applied to an outstanding balance on a student account. However, this authorization is not required for a student to receive a disbursement. If you would like to complete the authorization, please complete the Student Authorization section below. Otherwise, sign and date the last signature line.

Student Authorization

I hereby authorize any HEERF emergency funding be applied first to any eligible outstanding student account balance. I understand I will only receive a refund if my emergency grant aid exceeds my outstanding balance. Furthermore, depending on the amount of emergency grant aid and my current balance, a balance may remain on my student account.

- * I authorize.
 I do not authorize.

A payment is not necessarily a reflection of your current student account balance, as these funds are disbursed

directly to a student in the absence of the above authorization. If you do not complete the authorization, and have a current balance due to the institution, the balance is not paid by this emergency funding.
